

MISSOURI STANDS PAT.

Revoke License of New York Life Insurance Company.

JEFFERSON CITY, Mo., Nov. 8.—The first definite step toward showing Missouri's disapproval of the methods of McCall and others of the insurance companies now under investigation was taken tonight, when W. D. Van Diver, State Superintendent of Insurance, issued an order suspending the certificate of authority of the New York Life Insurance Company to do business in this State.

Soon after Sam Davis of Nevada issued a temporary order to this effect the matter was taken up by Superintendent Van Diver. He has since been engaged in a personal investigation of the affairs of the New York Life and tonight's action is the result.

No Home for Him.

A young man not a thousand miles from here went with his sister to a pair of gloves for his best girl. The sister bought a pair of hose for herself. Of course the clerk got them mixed. The explosion came when the sweetheart opened the package and found a pair of long black stockings. She blushed. Then she opened the note and read the following tender lines:

"I am sending you a little present. Oh, how I wish that no other hands than mine would ever be permitted to touch them after you put them on, but alas! a score of fellows may touch them when I am not by your side, and many eyes may see them when you are on the street or at parties. I bought the longest pair I could get, and if they are too long you may let them wrinkle down. A great many girls I know wear the slipped down a little. Always wear them at parties. I want to see how they fit when I call Tuesday night. You can clean them asily, dear, with benzine, if you leave them on till they dry. I hope they are not too small. Blow in them before you put them on."

The young man did call Tuesday night to see "how they fitted" but it is understood that he failed to win a home.—Exchange.

Much Improved.

Mike Fay of Sheridan, who has been in San Francisco for medical treatment has returned to this city. A short time ago he was thrown from a horse and his leg injured. It was found that a bone had been splintered and an operation was necessary. He will be as good as ever in a short time.

Nevada Looks Good.

Andy Todd, who has been spending several months in Canada, his old home, is at his quarters in this city again. Andy did not grow any heavier and looks much the same. While the trip was an enjoyable one in every particular, yet Andy is mighty glad to be in the land of the sagebrush again. He says there is nothing like it. At the old home in Canada the boys that were with him have gone, the old boys have died off and modern appliances have taken their places on the farms. The old place is not what it was when Andy was a boy. Carson is good enough for him.

New lines of footwear are arriving daily at Ed. Burlington's Shoe Store. He has been considerably hampered by delay in freight but has now arriving daily. You will find the latest and best lines of shoes at the lowest prices. You can save money by purchasing footwear at his store.

In order to throttle competition in the shape of the new electric light company which built and is successfully operating a line from Bishop, Cal., the Standard Oil Company has arranged to lay California crude oil down in Goldfield at the remarkably low price of \$2.47 per barrel.

Notice.

Came to my enclosure, one milch cow branded circle P. Owner can have same by paying for this advertisement. S. P. DAVIS.

Bicycle Stolen

A bicycle was stolen from the shooting range a few days ago. The machine is a Falcon and can be readily identified. Anyone bringing evidence of the machine will be rewarded. Call at this office.

NEW MEDICOS

State Board of Medical Examiners Completes Its Work.

At a meeting of the Nevada State Board of Medical Examiners, Nov. 6th, 7th, and 8th, 1908, certificates to practice medicine, surgery, etc., in the State of Nevada were issued to the following named physicians:

Wm. F. Murray, Ralph Percy Cheeney, John Richard Masterson, Francis M. West, Chas. Washington Eastman, John R. Cunningham, Roy W. Martin, Guy Godley Kilgour, Harold David Cowen, Nellie B. Hascall, Daniel T. Birtwell, John Francis Radolph, Albert Hamlet Sweeney, Thomas J. Gray, Louis P. Dorais, James, Tevis Arwine, Charles Earl Downey, E. Lee Burch, Bertram Charles Davies, Albert Techaner, W. Clinto Richman, Irving Scott Zelmer, Joseph Butler, William E. Wallgren, Barclay T. Trueblood, John J. Keefe.

A GOOD ATTRACTION.

Plenty to Keep the Audience in High Humor.

One of the best burlesque organizations on the road comes to Carson, Nov. 14th.

Its title is the Washington Society Girls, and they are under the tutelage of Hughey Kernan and W. B. Watson, two of the best producers in the country.

Thoroughly equipped with new scenery and brilliant expensive costumes, there is a big bunch of show girls that it would be difficult to outclass in the ordinary traveling company. They have been selected not only as to gracing and dancing effects, but also for their physical attributes and ability to act. But withal, the brilliancy of the ensembles has small effect in the general excellence of the entertainment.

There is a big bunch of comedians who have a distinctive idea as to the value of action and situation in laugh inducement.

The opening play is called "Oh, What Joy" and its title is truly indicative of opportunity presented for uproarious hilarity.

On a Visit.

Yesterday Senator Newlands paid Carson a visit. His visit in this city was simply to look over his political fences and see how things are moving. Mr. Newlands has been suffering from a severe cold since his arrival from the Orient and is not yet in the best of health. He expects to remain in Nevada a week or more when he will depart for Washington where he has important committee work to perform before the assembling of the Senate.

H. F. Bartine is a visitor in this city.

WILL FURNISH SUPPLIES.

Governor Sparks Gets a Big Meat Contract.

A telegram from Oroville Cal., to the Sacramento Bee says: It was learned here today that Governor Sparks of Nevada has been given a contract to furnish the employees of the Western Pacific in this section. Associated with him are the Humphrey brothers of Sierra county, Cal. It is estimated that the contract will amount to \$1,000,000. Slaughter houses, 100 or more, will be built along the feather river.

Two More Silver City Mines Sold.

J. E. Monroe of Reno has completed the sale of two more mining claims in Silver City to a company composed of Portland people. These two claims adjoin the Haywood mine in Silver City and are the last of a group of eight that Mr. Monroe has sold to the Portland company.

Saying Good Bye.

Yesterday F. O. Broili, Superintendent of the Truckee River General Electric Company, was in this city saying good bye to his friends here. He has resigned his position to take the position of engineer of the new power plant from Owens Valley to Tonopah.

Mr. Broili during the past two years has made Carson many visits and through his energy and ability has kept the plant up and has made many friends in a very difficult position. His ability as an electrician is second to none and the fact that he has a thorough knowledge of engineering and surveying makes him a valuable man for any company. The new people have certainly added strength to the force and the old company has lost their right hand man. The many friends of Mr. Broili in this city wish him success in any land that he may choose.

Material Arrives.

The wire and material for the Shaw Hot Springs has been received at the substation in this city. The linemen will get busy in a few days and inside of two weeks the electric bulbs will be glowing at the popular resort. People who visit the place under the present management cannot speak too highly of the treatment received. With all the modern conveniences that are going in, the famed hot springs will make it more than desirable for patients and those who wish to enjoy the best bath that nature affords. The poles are in place and everything is in readiness to receive the wires. Keep your eye on the home resort.

Underwear to suit the weather conditions can be found at Joe Platt's.

The Meyers Mercantile Company has just received a consignment of Macomber's new apple cider. It's

BOARD OF PARDONS.

Governor Sparks Expected Here for Meeting Today.

Judge Fitzgerald, one of the members of the Board of Pardons, arrived from the East on yesterday's train. Governor Sparks, the Chairman of the Board is expected this morning. In There seems to be little likelihood of a fight in opposition to the plea for case the Governor fails to arrive the meeting will have to be postponed. mercy, as those who prosecuted the case are of the belief that the testimony and the action of the court's in the case have settled the matter. Those who have interested themselves in the matter will simply put in a plea for clemency in the case and will ask for life imprisonment instead of the death penalty.

The case of Roberts, who is regarded as being of unsound mind will probably be given the most attention, as the others have submitted their case in an intelligent manner. The outcome will be watched with interest as the date of the execution is but one week away and the prison officials are making ready for the dreaded ordeal in spite of any action that the pardoning board may take.

The men are holding up well under the terrible ordeal and if they have to face the hangman next Friday it is the belief that they will go to the scaffold without assistance.

The four men are sleeping well and their appetites do not fall off as the date nears. It is likely that Severn will appear before the meeting today.

Want an Accountant.

The Elko county grand jury in its late report took up the matter of a mended by the Lincoln County Grand State Auditor, such as was recommended. Both the counties have stated that it is the desire of their people that such an officer be appointed at the next Legislature. The object in view is to have a man who will investigate all of the counties of the State, and in case of any crookedness that it may be discovered before the county is out a fortune. With a few more counties asking for this official there will be such a place created, and the scheme seems to grow as the grand juries meet at the different county seats. There seems to be good sense in the movement and had such an official been appointed a few years ago the State would have been in a good many dollars and Lincoln county would have saved a scandal.

WILL CONTEST.

Hearst Claims Fraud in the New York Election.

NEW YORK, Nov. 8.—Superintendent of Elections Morgan said tonight that while doubtless many illegal votes had been cast, he would express no opinion on the contention made by the Municipal Ownership League managers that they amounted to 30,000. He made, he said, many arrests, but only thirty prisoners are held by the magistrates.

Colonel Alexander Bacon F. B. Brown of counsel for Hearst and the Municipal Ownership League, called at police headquarters late tonight and served an order from Justice William Gaynor on Captain Cruise, in charge of headquarters at night. The order was actually for Commissioner McAdoo and the captain was served as his representative.

He immediately telephoned the order to McAdoo. The order directs McAdoo to have every ballot box in the county of New York sent to the bureau of elections.

Beginning with November 15th, a new form of money order blank will be used. The new form is a simplification of the one now in use.

The house in San Francisco in which Milton Franklin Andrews killed himself and mistress is conducted by a former Comstocker, Mrs. James Meagher.

Thirty dollars a ton is being paid for onions on the Truckee Meadows. The onion crop of that valley is very large this year and will make 60 or 75 carloads for shipment to the markets of the world.

The coming of the Western Pacific will reduce our tax rate very considerably. The Southern Pacific company now pays one-third of the State revenue and the people the other two thirds. If it is equal to again the Western Pacific will pay one-third, which will let the people off with the other third.
